

Mill Creek Coffee and the Corona Virus

To all customers and partners with Mill Creek Coffee

As we move through these challenging times we are all affected by the world events and none of us can shield ourselves not only from the physical challenges this brings but also from the financial and emotional effects. It is imperative that we take steps to mitigate the potential of this outbreak and thus Mill Creek Coffee has implemented some new procedures to do our part.

Here is what you can expect from us, during this time:

- 1) No one that is sick or not feeling well.
- 2) We will follow the guidelines from BC Health regarding the repeated washing of our hands before and during our work assignments.
- 3) We will adhere to the social distancing principle to minimize contact.
- 4) Any coughing or sneezing will be done into our elbow or sleeves and afterwards we will wash our hands.
- 5) We will not be performing any equipment or coffee demos for the foreseeable future.
- 6) If you require anything different than your regular delivery schedule please contact us or talk to your Customer Service Representative or Territory Manager.

We will continue to monitor the situation and adjust our procedures as needed. With good care and discernment we will be able to get through this and continue to enjoy a beautiful place to work and live.

To all, we encourage you to be safe and cautious.

Scott Mitchell
