NESPRESSO ZENIUS BREWER

Shown are separate
Brewer and frother,
combined units available.

The Future of Office
Espresso has Arrived!

A DESIGN THAT MAKES THE DIFFERENCE

Zenius is fast and efficient, heating water to the optimum temperature for coffee, **in just 35 seconds.**

Zenius can be a plumbed in unit for convenience. A larger version with a milk frother built in is available as well.

Exceptional quality coffee prepared quickly, at the touch of a button. You can create the perfect espresso, time after time.

7 blends are available including decaf to make the short, long, or Americano espresso beverages. And with the frother you can make the lattes, cappuccinos or flat white drinks.

THE DETAILS THAT MAKE THE DIFFERENCE

- Larger Water tank capacity
- Energy efficient: the auto power off feature
- Easy and quick to use
- (• Dimensions (W x D x H)(in) : 7.5 x 12.3 x 15.7

New Products for your office

Cherry Hill Coffee

Mill Creek Coffee is proud to be the exclusive Office distributor for Cherry Hill Coffee,

Cherry Hill Coffee has been hand-roasting coffee daily in Kelowna, British Columbia, Canada since 1986.

Any great art is born out of passion; Cherry Hill's is coffee. We import premium Arabica green coffee beans from around the world and hand roast in small batches in the crisp, clean air of the Okanagan Valley.

Our promise to all customers is providing the freshest roast possible. It's all about quality. We roast, package, and ship our coffee within 24 hours! There are no pre-packaged, shelved coffee beans here – and best before dates are a sin. We roast in small batches; this allows our roast master to put his own personal touch on every varietal of bean, at every roast.

Okanagan Gold (medium)

Highland Grogg (medium)

Jivaro Dusk (Dark),

Caffeine Wise Decaf

It's easier than ever to see what coffee and other products we have available.

Mill Creek Coffee is dedicated to coffee service, not just coffee supply!

Mill Creek Coffee Try one of our Filtered Water coolers!

Go Green – No more bottles, BPH, lugging heavy bottles, lifting, pick up or delivery!

Did You Know: 2.7 million tons of plastic are used each year to bottle water with more than 85% of bottles becoming garbage, filling landfills.

Did you know that one of our filtered water coolers could save you over \$1000 per year?
